

How to: download videos from Discovery Video Streaming and save it to the Media1 file on your shared school drive.

When you download a video segment, you will have a copy of the file on your computer or network for future access.

1. Go to the **Discovery Education website**: <http://streaming.discoveryeducation.com/>

2. Type in your **Username** and **Password** and click **Login**

3. Find the movie or video segment you would like to download

4. Click on the little box to the right of the video name

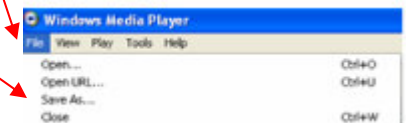

5. Click on the Download icon

6. A downloading box will open and will show the progress (unless it is a small file)

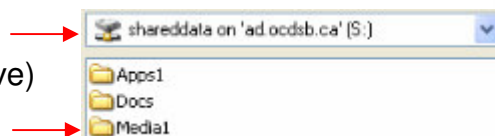

7. Once it is open and playing in a different window/program, click on **File** then **Save As...**

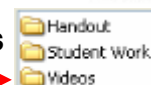

or if there is no **File** option at the top of the screen, right click in the bottom right hand corner of the video, click on **File** then **Save As...**

8. Navigate to the **S:** drive (shared drive)

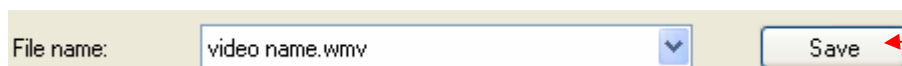

9. Navigate to the **Media1** folder

10. Create a new folder (if it has not been done yet) named **Videos**

11. In the name field, type in the name for the video. Keep the .wmv, .asp at the end of the video name and **Save**

12. The download dialog box will appear. When it goes away you have been successful!
